Docket No. 98N-1265

6393 99 MAY 24 P157

Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

My compounded prescription relieves
my problem & makes it possible
for me to live normally each month.

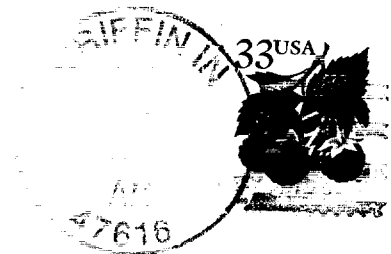

The other prescriptions that are available
have been proved over & over not to be
good for humans, why do you allow
people to take this stuff knowing
it no good. Money somebody needs
to get the act straight !!

Please fold, seal, and mail by June 1
